BOTH TOWN AND STATE.

Reno has organized an Improvement Club. Carson organized one over a year ago, and similar movements are being agitated and urged by the press in most of the larger towns of the State. Nevada has awakened from her semi-comatose condition of the last decade and has put on her working clothes with a full determination to take advantage of the spirit of enterprise which pervades the country, by presenting her claims to the consideration of capital and labor. It goes without saying that her claims are substantial ones, based as they are upon unquestionable resources, unsurpassed in any other State in the Union, and which only have to be made known to insure such attention as will attract many thousands of desirable residents and the means of development of Nature's bountiful gifts deposited within our borders.

The JOURNAL hopes that every town in Nevada of four or five hundred or more inhabitants will organize a local Improvement Club, primarily in the interest of its own section, but as part and parcel of a movement for the advancement of the general interest of the State. As the JOURNAL has before remarked, it would be difficult to effect a State organization, except by combination of local ones that would act in concert with its contemporaries in matters pertaining to our entire area as well as its various sections. The benefits to be derived from such organizations are almost incalculable, and the members themselves would be astonished at the result of their work. With a dozen, or even half a dozen of such clubs acting in unison upon general affairs, each one would be made stronger and its field of usefulness enlarged, for one section would help another while all would contribute to the general progressive movement. United action from all parts of the State could accomplish more in such matters, for instance, as lightening the burden of excessive transportation rates from which every citizen of Nevada is suffering at the present time, than could be effected by appeal from a single section, or even from all sections, separately made, but with no concert of action or uniformity of purpose.

The GAZETTE and JOURNAL are egotistical enough to take to themselves some credit in arousing the spirit which has effected a practical result in Reno. Let the newspapers in the different towns of the State take the matter in hand and urge it to a like successful issue in their respective localities. A portion of their columns cannot be better employed, and they will not only merit and inspire approbation from their immediate patrons, but will experience the gratification of being important factors in the great progressive movement which has been inaugurated in the State in which they live, and upon whose prosperity their own mainly depends.

The effort to unite the Presbyterian churches, North and South, failed this year, and the Methodist church still retains that odiously sectional distinction. Those who served under the Stars and Stripes and the Stars and Bars join hands on Memorial Day and the graves of the former comrades of both are equally honored and the memories of those who sleep beneath the laurel and the willow are mutually cherished and revered. It seems strange that the churches cannot fight the devil under the same banner, when the Union and ex-Confederate soldiers of a third of a century ago march side by side under the same flag in their advance upon a foreign foe. All sectional bitterness appears to have been buried and forgotten except by those who should be the first, instead of the last, to emulate the example and admonitions of Him who came to bring peace on earth and good will to man, without any latitudinal distinction.

NEVADA is a silver State, a gold State, a copper State, an apple State, a wheat State, a honey State.—Goldsboro News.

Isn't she also a potato State, an onion State, a cattle State, a sheep State, a horse State and a cotton State? She is all of these and more at the present time, and with the help of Providence and the NEVADA STATE JOURNAL, she will in a few years be a sugar State, a hop State, a flax State, a hemp State, and, we most sincerely hope and pray—a free State.

A SOAP trust is in process of formation. Cleanliness is said to be akin to Godliness, and the next move will probably be a bible trust.

ALUMINUM is attracting the attention of prospectors and capitalists in Utah and a number of companies have been organized for its extraction. Metallurgists who have visited Tuscarora say that the metal abounds in that district, and the probability is that it can be found in equal abundance in other sections of the State. It is found mostly in a particular kind of clay and it requires some knowledge of metallurgy to distinguish it. The use of the metal is yearly increasing and it is not unlikely that in the not distant future Nevada will contribute a goodly proportion of it to the commerce of the world and its production comprise one of our prominent in utilities.

GENERAL MERRITT explains that he did not say that Secretary Alger was "the greatest War Secretary the world has ever known," but "the greatest War Secretary the country has ever seen."

We don't know about the country, but he was evidently "seen" by the beef contractors.

THE S. F. Bulletin has a half column article on "unconscious plagiarism." The JOURNAL could give a four column article on unconscious plagiarism and not go outside of the State for its references and illustrations.

BREVITIES.

Commencement exercises begin tomorrow.

Mrs. John Sparks and son Leland are in San Francisco attending the Baptist convention.

Rev. and Mrs. Unsworth and Miss Cleveland returned from San Francisco yesterday morning.

Sam Davis, administrator of the late Silver Party and ex-officio State Controller, was in town yesterday.

The school at the Pyramid Indian reservation will be held in a tent until a new school house is constructed.

Many of the farmers near Gardnerville have been obliged to reseed their ground, on account of the first seeding having rotted owing to the backward season.

Frank Wright, a San Diego merchant, stopped over in this city yesterday to visit his sister, Miss Martha Wright, and his brother-in-law, John Sunderland.

Mrs. David Cohn of San Francisco arrived here Tuesday. She is the mother of Mrs. M. Nathan, and came to assist in attending to Mr. Nathan, who lately had a relapse and is still in a very critical condition.

The Southern Pacific has given half rates from Wadsworth to Reno and return, good from May 24th to 27th. It is for the benefit of the Wadsworth people who wish to attend the University commencement exercises.

In another column appears a notice to those having claims against the Hospital for Mental Diseases to present them before the 29th of May in order that Dr. Bergstein may settle the business of his administration.

Mrs. Endocia S. Moffatt, Deputy Supreme Commander, Ladies of the Macabees of the western jurisdiction and Supreme Commander for California, is in Reno for the purpose of inaugurating a hive of that order.

Yesterday was Queen Victoria's birthday, and the JOURNAL scribe forgot all about it until invited by one of her loyal subjects to take a glass of English ale, which was quaffed to the health and happiness of her Most Gracious Majesty.

At the business meeting of the Reno Wheelmen's Club last evening details of the relay race were arranged. The Sussanville and the Carson teams will be here, the latter accompanied by a crowd of "rooters." Besides the 25-mile relay there will be quarter, half and mile races. Try-out Sunday.

Committee Meeting.

The executive committee of the State Agricultural Society met in the law office of William Webster yesterday afternoon.

Permission was granted the lessees of the fair grounds to eject, and, if necessary, prosecute any trespassers upon the property.

A resolution was passed prohibiting the kindling of fires in the open or in any of the stock stalls or other out-buildings on the grounds.

It was resolved to lease to J. M. McCormick the plot of ground lying north of the Pavilion, extending to the ditch.

New Industry.

R. J. Sanders has his new butter and cheese factory in operation. It is called the Syracuse. The establishment is on Sierra street in a brand new building. It has a capacity of 10,000 pounds of milk daily. The creamery is fitted with new and improved machinery, consisting of separator, cheese press, combined churn and butter worker, etc. Power is supplied by a 15 horse power boiler and a 10 horse power engine. Butter and cheese are made and sold at the lowest price compatible with an honest profit. Milk, cream and butter-milk are also supplied. Farmers are offered highest cash price for butter fat and skim milk is returned.

Went to the Metropolis.

Rev. Jones of the Congregational Church went to San Francisco last night to attend a meeting of the Examining Board of Seminaries, of which he is a member. He will preach in the metropolis Sunday. His pulpit will be filled Sunday evening by Rev. Theodore Taylor.

F. B. Carter and J. B. Boyd have completed an abstract of the title to certain mines in Pyramid Lake District. The work was tedious and the abstract is voluminous. The cost of the document is a cool thousand dollars.

These mines are now being negotiated for by a company of Stockton and San Francisco capitalists. The price is said to be \$100,000; at least that is the amount expressed in a contract entered into, to be binding on clearance of title. These mines are owned largely by Reno people. They were extensively developed years ago, but had been allowed to remain idle owing to the low price of copper that prevailed afterwards.

Freight Shipments.

Two carloads of beer arrived from the east and one from California yesterday.

John Sunderland received forty cases of goods yesterday. Two carloads of wagons have arrived for W. T. Hitt Co.

Two carloads of refrigerated and cured meats arrived yesterday.

Struggle for Honors.

The members of the graduation class of the High School will participate in an essay reading and elocutionary contest tomorrow afternoon before the teachers who will act as judges. The contest is to decide who will be speakers at the Commencement exercises.

May Attend School.

A special meeting of the Reno School Trustees was held last evening. It was decided to suspend the rule prohibiting children attending school while contagious diseases are in the family, in the matter of measles, which are now epidemic.

Profits of the Bazar.

The net profits of the bazar and entertainment given at the University to defray a part of the cost of the gymnasium were about \$180.

MRS. W. J. TREMAINE

LOCATED AT THE

• Riverside Hotel •
FOR THIS WEEK ONLY

Has just received and added to her already elegant stock a large freight shipment: a handsome new line of colored, plaided black silk and crepon separate skirts, stylish silk waists, tucked, ruffled, etc.; pretty white lawn waists, swell tailored suits for women in the latest style and newest coloring; not one or two either, but an assortment greater than was ever shown in Reno before, and at prices you've oftentimes seen, no doubt, on a much inferior class of goods. These, with her line of handsome trimmed millinery, attractive both in kind and price, as well as the unparalleled sample line of shoes, will be worth your while viewing, that you may be posted as to style and price—and you're cordially welcome, whether you purchase or not.

A Double Golden Dream.
A couple of Reno ladies lately dreamed on the same night of a wonderful gold mine, situated on the slope of the mountains a few miles westerly from our riverside town. Upon comparing notes, they found the locality and all of the details of the golden dream were precisely identical. They are keeping the locality a profound secret and intend to steal out some beautiful night, when the silver moon is shining, and take possession of their golden treasure.

Attention, G. A. R. and Woman's Relief Corps.

Members of O. M. Mitchell Post No. 69, G. A. R., and members of the Woman's Relief Corps will meet at their hall at 9:30 A. M., Sunday, May 28th, to attend services at the University. 23m8t

HER LOOK.

Time may set his fingers there,
Fix the smiles that curve about
Her winsome mouth, and touch her hair.
For the curves of youth to rot,
But the "something" God put there,
That which drew me to her first,
Not the lips of pain and care,
Not all sorrow's fangs accurst,
Can kill the look that God put there—

Something beautiful and rare,
Nothing common can destroy,
Not all the leaden load of care,
Not all the dross of earth's alloy,
Better than all fame or gold,
'Tis as only God's own truth,
It is something all hearts hold
Who have loved once in their youth.

That sweet look her face doth hold
I will ever be to me;
I may all her pinions fold,
I may come and misery;
Through the days of mirth and shine,
Though the roads be foul or fair,
I will see through love's glad eye
That sweet look that God put there.
—W. W. Campbell in Chambers' Journal.

A Mean Inference.

A young physician was once called in by a gentleman who had a very sick mother-in-law. After looking into the case carefully the young M. D. called the gentleman aside and said, "Well, the only thing I can suggest is that you send your mother-in-law to a warmer climate."

The man disappeared and came back with an ax a moment later and exclaimed: "Here, doctor, you kill her! I really haven't the heart."

Or if you don't like the first lot you can go back and they will give you the 50 cents.

It is always best to stick to the old and tried, experiments being sometimes very costly. Pinniger is the oldest druggist in the country. His stock of drugs, medicines, seed and photographic goods is fresh and up to date, while his prices are reasonable as possible. All prescriptions have his personal supervision.

Mr. R. P. Olivia, of Barcelona, Spain, spends his winters at Aiken, S. C. Weak nerves had caused severe pains in the back of his head. On using Electric Bitters, America's greatest blood and nerve remedy, all pain soon left him. He says this grand medicine is what his country needs. All America knows that it cures liver and kidney trouble, purifies the blood, tones up the stomach, strengthens the nerves, puts vim, vigor and new life into every muscle, nerve and organ of the body. If weak, tired or ailing you need it. Every bottle guaranteed, only 50 cents. Sold by S. J. Hodgkinson, druggist.

Saloon License Case. Said a prominent liquor dealer yesterday: "We are going to test the city license ordinance. It's unjust, as it places too great a burden of taxation upon our trade, while many other businesses go scot free."

"We do not object to paying the county \$30 a quarter, but we certainly do kick at the \$7.50 additional license levied by the town. This means \$1,000 a year, and we will thoroughly test the authority of the ordinance."

Memorial Day. Memorial Day will be properly observed by O. M. Mitchell Post No. 69, G. A. B. The post is making every arrangement necessary to a proper observance of the day. Committees are now at work on the program. The post would be glad to have all fraternal societies and citizens generally join with them in assisting to decorate the graves.

THE MAN ABOUT TOWN.

Chatters Concerning Matrimonial Matters.

THIS CITY IS A GRETNA GREEN.

A Parsimonious Groom and His Unsuccessful Attempt to Economize.

Reno is the Gretna Green of the great and glorious west. Owing to certain clauses in the divorce laws of California, it has become quite the thing for legally bereaved widows and widowers to hie themselves across the State line and enter the state of matrimony at the same time.

Sometimes the candidates for marital bliss desire the utmost secrecy to attend their movements, in view of scandals that might attend knowledge of their marriage contract. Some society "swells" of the sacred circles have their names engrossed upon the Washoe county records.

Generally, however, the blushing bride and groom have nothing to conceal from Mrs. Grundy and the rest of the world. They simply find themselves unable under the law to obtain license and certificate in California, so they wend their ways to the Riverside City where they are made exultingly happy for the remainder of their natural lives.

Cupid is very busy these days. By "Cupid" I mean Clerk Cheek of the Riverside, one of whose principal and most pleasant duties is to see that everything connected with the joining of heart to heart is done according to Hoyle and in a manner superlatively satisfactory to both parties to the contract. When the love-lorn couple will accept his kind offices, he procures the license, digs up a clergyman or justice, gives away the bride and is first to kiss the fair young groom.

Sometimes the bride and groom, that want to be, are odd specimens of swain and sweetheart. Such a pair hit the burg of Reno yesterday. They wanted to be married right off quick in the latest improved manner with all the appurtenances of gold lettering and red seals but begged for out rates in matrimonial supplies.

The prospective hubby, who gave his residence as Missouri, "but I've been staying in Frisco for fourteen years," thought that as this was not his first venture, he should be supplied with a license for two bits and have the words said for half a dollar. County Clerk Porter, however, stood out for all the law allowed and Justice Linn insisted upon being paid his regular tip before the band played. Finally the groom with a heart broken sigh flashed a wad of long green and all went merry as a marriage bell.

Announcement.

I have just received a complete line of working and dress shirts of the latest patterns and styles, which I will sell at bedrock prices. I wish to call particular attention to a working shirt I am handling. It is undoubtedly the best working shirt that was ever sold on the Coast for the money. Call and examine the same.

I have all the latest patterns in golf and negligee shirts, in silk and madras cloths.

I am pleased to announce that I have secured the agency of the Wheeler overall, famous on this Coast as being the best fitting and most durable overall on the market. It is riveted, triple-sewed and made of the heaviest and best denim. Try a pair and be convinced.

Free employment office in connection with the store.
